

## Fume-A-Vent Crushproof Adapters with Spring Clamp

Date 7/12

Part No. XXXX-SC

Tailpipe Adapters

TAB 10-C-2

**Pictured:** Our F-Series Crushproof Adapters with the Spring Clamp Option. The main benefit of the clamp is stronger and easier connection to tailpipes. These adapters are ideal for almost any tailpipe style and the clamps have a lifetime warranty.

**All** of our crushproof adapters are available with an optional Spring Clamp and some have a plug option as well. The Plug allows some drops or hose to be shut off when not in use. Common and in-stock adapters shown in chart below, custom adapters available upon request. These adapters can handle temperatures of 600°F.

Crushproof with Spring Clamp and Plug Adapters
